HOW WE SERVE

ONE-TO-ONE MENTORING

2,047 YOUTH IN 2019-2020

Starting in March 2020, all matches met and engaged in workshops virtually, keeping connected while maintaining a safe distance in light of COVID-19.

At-risk youth (Littles) are strategically matched with a mentor (Big), who provides coaching, guidance and support.

COMMUNITY-BASED: Bigs and Littles explore the local community together, sharing activities they both enjoy.

BIGS IN SCHOOLS/SITES: Bigs and Littles spend time together at the Little's school or after-school program.

SCHOOL TO WORK: Bigs and Littles engage in college and career readiness workshops and job shadowing at the Big's place of work.

BIGS IN BLUE: Local police officers serve as Bigs through any one of the one-to-one mentoring programs.

CONTINUING EDUCATION

900 YOUTH IN 2019-2020

Littles engage in programs that prepare them for post-secondary success, both while in high school and upon graduation. Programs include **college success coaching** through Take Stock in Children, a **Graduate Program** that provides ongoing mentorship match support to alumni Littles and the Bigs, **college and career readiness workshops**, and a **scholarship program** that awards funding to Littles continuing their education.

GROUP ENGAGEMENT & MENTORING

154 YOUTH IN 2019-2020

Youth waiting to be matched with a Big, along with those already matched, engage in enrichment activities that have impact(s) in one or more of five key areas, known as the BIG5 – **Academic Enrichment**, **Career Pathways**, **Digital Literacy**, **Health & Wellness**, and **Music & the Arts**.
